ABOUT SHRINK WRAP

Shrink Wrap is suited for heavy-duty applications where excellent two directional shrink properties and toughness is required.

Our Shrink Wrap is formulated from premium grade polyethylene, UV inhibitors, and other additives which are designed to resist degradation due to sunlight, rain, chemicals and heat.

Shrink-Wrap is manufactured to the highest QC standards and is backed by a proven track record of success.

Due to its multitasking applications it does cover various sectors like Industrial ,Disaster management, Agricultural sector , Marine Line sector , Electrical and electronics sectors , Oil and Gas industry , Automobile , Pharmaceutical , Construction etc.

GULMOHAR

SHRINK WRAP BENIFITS

- **Complete protection against weather damage .**
- **Easy application .**
- **Shrink wrap will not chafe or damage covered products**
- **Eliminate moisture and mildew problems .**
- **Zipper access doors .**
- **Shrink wrap is cost effective .**
- **Shrink film offers** a complete package that simplifies and helps eliminate the problems typically associated with shipping and storage protection on all size products.

Shrink wrap film is formulated from premium grade polyethylene, UV inhibitors, and other additives which are designed to resist degradation due to sunlight, rain, chemicals, and heat. It is suited for heavy-duty applications where excellent two directional shrink properties and toughness is required.
